

Libyan Authority for Scientific Research
Libyan Society for Scientific Research and Studies

The Libyan International Conference of basic medicine and Biomedical Sciences

CV – Member of the scientific committee

Name: Abdulaziz Zorgani

Date & Place of Birth: 02/04/1962 Tripoli- Libya

Nationality: Libyan

Marital status: Married

Faculty: Medicine

University: Tripoli

Department: Medical Microbiology and Immunology

Qualification Kind: Ph. D.

Specialization: Medical Microbiology

Qualification Place: University of Edinburgh - UK

Date Qualification obtained: 1994

Academic Status: Professor

Date of Recruitment: 01/ 03/ 2003

Mobile No.: 00218913718561

E. mail: zorgania@yahoo.com

ORCID: <https://orcid.org/0000-0002-6219-5427>

I- Scientific qualifications gradient:

IFBA-PC : 2017
: International Federation of Biosafety Association
: International Federation of Biosafety Association-Professional Certification
Dip-HAI : 2008
: Institute of Medical Man-power, Libya
: Postgraduate Diploma
: Health-care associated Infection, Diploma
FIBS : 1996
: Institute of Biomedical Science (England – UK)
PhD : 1989-1994
: Medical School, Edinburgh University
: Secretor status and immune response to *Neisseria* species
MSc : 1987-1988
: Medical School, Manchester University
: Immunological study of the agglutinogens of *Bordetella pertussis*
Dip. Bact. : 1986-1987
: Medical School, Manchester University
BSc : 1979-1983
: Higher Institute of Technology

II- Academic status:

Name	Address	Date
Professor, Faculty of Medicine, University of Tripoli	Member of faculty staff at Medical Microbiology and Immunology Department (teaching the third-year medical students and postgraduate students).	5/2000-Now
Oil Clinic (Consultant)	Coordinate, assist, train, conduct risk assessment, measure performance and use quality tools to evaluate quality management processes regularly. Design policies, developing a yearly action plan and providing expertise and professional advice to pharmacy, laboratory and clinical departments.	10/2018-Now
WHO part time advisor	Providing training and education to healthcare workers selected from EMRO region in quality control, antimicrobial resistance, infection control, shipment of infectious substances and biosafety and biosecurity. I conducted training in several countries (Libya, Tunis, Egypt, Jordan, Syria, Pakistan and Papua New Guinea).	6/2011-Now
Consultant Microbiologist, National Centre for Disease Control	Bacteriology unit (Reference Laboratory) and infection control advisor (planning, coordinating, and improving clinical care and services at the hospitals) at the NCDC, Libya. Member of supreme committee of COVID-19 and infection control.	3/2005 -Now
Brothers Clinic	Head of the microbiology laboratory unit at Brothers Clinic (private clinic) Tripoli-Libya, providing day to day responsibility and implementing the clinic-wide infection prevention and control program plus surveillance and detection of antibiotic resistant bacteria and antimicrobial use.	1/2001-8/2017
Consultant Microbiologist, Abusalim Trauma Hospital	Developing infection prevention program and assist in monitoring healthcare associated infections in collaboration with trauma/surgical intensive care unit and microbiology department.	1/2014-12/2016

III- Scientific membership (Local – International):

Member of COVID-19 committee at NCDC
Member of infection control committee at NCDC
Chairman of disinfectant committee at MOH
Temporary advisor to EMRO, World health Organization
Assistant editor of Libyan Journal of Medical Sciences
Member of Laboratory accreditation committee at National Centre for Metrology
Member of Arabic Advisory board of International Arabic Journal of Antimicrobial Agents

Expertise and research area:

Clinical microbiology, infection control and quality management system

IV- Scientific activity:

a) Papers: (Title – Journal –No. - Vol. – Issues).

Published 75 scientific papers in various scientific journals

b) Books:

c) Conferences - Workshops - Course, Session... etc.:

Presidency and membership of more than 8 conferences, as well as giving or participating in scientific and cultural courses.

V- Others:

2018 I was assigned the man of the month by International Federation of Biosafety Association

2013 (**Grant**) Libyan authority for research scientific and technology, to study the prevalence of resistance among Gram negative bacilli

2013 (**Best Poster**) Second international conference on clinical microbiology and microbial genomics. Las Vegas, USA

1997 (**Grant**) Wellcome Trust, to study mechanisms of Attaching and Effacing of *Escherichia coli* (EPEC) Adhesion to Intestinal Epithelial Cells

1996 (**Grant**) Babes in Arms, to study sudden infant death syndrome (SIDS).

1994 (**Grant**) Scottish Cot Death Trust, to study sudden infant death syndrome (SIDS)

1991 (**Recommendation letter**) MSc work has been adopted by WHO consultation and USA Public Health Service, 1991 FDA 91-1174 for DPT vaccine.
